We kindly invite graduate students with interests in the [topics] of IEEE International Conference on Quantum Computing and Engineering (QCE24) to apply for two days (9:30-17:15) of volunteering in exchange for a highly discounted full registration.

[IEEE Quantum Week 2024] will be held as an **in-person event with virtual participation Montréal, Québec, Canada** at the **Palais des congrès.** As a hybrid event, QCE24 will broadcast the sessions to virtual participants and record the sessions for **QCE On-Demand** after the main event ends on September 20.

IEEE Quantum Week 2024 features **14-15 parallel program tracks per day over six days — Sun-Fri, Sep 15-20, 2024.** QCE24 needs approximately **60 student volunteers to run the 90 tracks** and the conference (e.g., registration desk, exhibits & posters hall) effectively. For **volunteering two full days (9:30-17:15) at QCE24**, student volunteers will receive a **highly discounted full registration**. To apply as a student volunteer, please fill out the **QCE24 Student Volunteer Application Form** and submit the form via the **[QCE24 EasyChair Student Volunteer Signup]**. Please note the student volunteers **must commit to travel Montréal, Québec, Canada** at the **Palais des congrès to participate in-person** at QCE24. Please note **travel costs and accommodation are not included** in this offer. There are no remote volunteer opportunities.

Important Student Volunteer Requirements
- All QCE24 participants, including student volunteers, must register for QCE24. By submitting a student volunteer form to QCE24, you are making a commitment to register for the full conference upon acceptance using your student discount code and attend the conference in-person. Upon acceptance, you will receive a discount code for your full registration fee to a highly discounted registration fee.
- Please note, IEEE Quantum Week 2024 will make every effort to assign volunteers to the track preferences and tasks listed on the application form. However, QCE24 cannot guarantee to honor the volunteers' exact requests.
